

e-Manufacturing & Design Collaboration 2014

Invited Speech:

Win-Win Solution for Semiconductor Hardware-Makers and Device-Manufacturers

J.R. Pai 白峻榮

Deputy Director

Advanced Mechatronics Lab, tsmc

About the Speaker

J.R.Pai is a Deputy Director of Advanced Mechatronics Lab of Technical Board at tsmc.

He is responsible for hardware improvement program and tsmc parts supply chain development and quality management..

Abstract

This talk maps out efforts striving to be a local hub of hardware-makers and device-manufacturers, and the engagement of suppliers with leading technologies to become strategic partners for the forthcoming competitions.
