

e-Manufacturing & Design Collaboration Symposium 2016

Invited Speech: **Analytics on edge**

Mr. David Burgess

Sr Manager

Pre-Sales Support Dept.

Asia Pacific Practice

About the Speaker

David has over 10 years of experience in Asia Pacific regional roles to lead the business analytics team on model development and implementation analytical framework, with 7 years experience in analytics team management covering Data mining, Machine learning and Optimization. In his current role, David works with the region in sales and support enablement activities and in customer facing situations to articulate the SAS value proposition with a specific emphasis on analytics such as manufacturing, retail and utilities.

David has worked for SAS for 7 years since 1995, including time in the Mumbai and Wellington offices, supporting clients from Invercargill to Islamabad. He has been based out of Singapore for over 10 years.

Abstract
